IMPLEMENTATION

Our Children:

This policy is intended to empower children who are vital and active members of the Hamilton Parklands School community. We will involve them when making decisions, especially about matters that directly affect them. We will listen to their views and respect what they have to say. We will promote diversity and tolerance at this school and promote the cultural safety, participation and empowerment of all children. We will promote the cultural safety, participation and empowerment of Aboriginal children and Torres Strait islanders. We will promote the cultural safety, participation and empowerment of children from culturally and/or linguistically diverse backgrounds. We will work to ensure that children with a disability are safe and can participate equally.

Hamilton Parklands School staff will endeavour to deliver appropriate education about child abuse awareness and prevention to the students.

Hamilton Parklands School staff will endeavour to promote the Child Safe Standards in ways that are readily accessible, easy to understand, and user-friendly for children.

Strategies for educating students will be articulated in the Hamilton Parklands School Student Engagement & Wellbeing Policy.

We take reasonable steps to employ skilled people to work with children. We develop selection criteria and advertisements, which clearly demonstrate our commitment to child safety and an awareness of our social and legislative responsibilities. When recruiting staff and volunteers we are aware that we have ethical as well as legislative obligations.

All people engaged in child-connected work, including volunteers, are required to hold a Working with Children Check and to provide evidence of this check.

When employing staff we carry out reference checks.

All teachers employed at this school must be registered with the Victorian Institute of Teaching.

Staff and Volunteers:

This policy as well as our Child Safety Code of Conduct guides the school's staff and volunteers on how to behave with children in our organisation. All staff and volunteers must agree to the Child Safety Code of Conduct, which specifies the standards of conduct required when working with children.

Training and Supervision:

Training and education is important to ensure that everyone in our school understands that child safety is everyone's responsibility. Training includes developing skills to identify, assess, and minimise risks of child abuse and to detect potential signs of child abuse. We also support our staff and volunteers through ongoing supervision to develop their skills to protect children from abuse, promote the cultural safety of Aboriginal children, promote the cultural safety of children from linguistically and/or diverse backgrounds and to develop their skills to make adjustments to provide a safe, inclusive environment for children with a disability.

New employees and volunteers will be regularly supervised. This is to ensure they understand the school's commitment to child safety and that everyone has a role to play in protecting children from abuse. It is also for the purpose of checking that their behaviour towards children is safe and appropriate with reference to the school's Child Safety Code of Conduct.

Allegations, Concerns, and Complaints:

Our school culture aims for all staff and volunteers as well as parents, carers and children to feel confident and comfortable in discussing any allegations of child abuse or child safety concerns. We are aware that some people from culturally and/or linguistically diverse backgrounds may face barriers reporting allegations of abuse or that for some communication in English may be a barrier. We will endeavour to be sensitive to these issues and meet people's needs where possible.

Hamilton Parklands School has protocols and procedures in place to enable all staff and volunteers as well as parents/carers and children, to raise any allegations of child abuse or child safety concerns.

Depending on the severity and urgency of the matter any inappropriate behaviour will be reported through appropriate channels, which may include:

- The Department of Health and Human Services (DHHS) – Child Protection
- Victoria Police

Legislative Responsibilities:

Hamilton Parklands School takes its legal responsibilities seriously including:

- *Failure to disclose:* Reporting child sexual abuse is a community wide responsibility. All adults in Victoria who have a reasonable belief that an adult has committed a sexual offence against a child under 16 have an obligation to report that information to police.
- *Failure to protect:* A person in a position of authority in an organisation will commit this offence if they know of the risk of abuse and have the power or responsibility to reduce or remove the risk, but negligently fail to do so.

Child Abuse:

Hamilton Parklands School takes all allegations seriously and has practices in place to respond quickly and thoroughly. Such issues can be reported to:

- The Principal
- Teachers at the school.

Our staff have been trained to deal appropriately with allegations, as well as how to support or assist children who disclose child abuse or are otherwise linked to suspected child abuse. In such situations the school will follow actions outlined in the Child Protection Reporting Policy. This policy outlines our clear expectations for all staff and volunteers in making a report about a young person who might be in need of protection. The DET guide 'Identifying and Responding to All Forms of Abuse in Victorian Schools' includes comprehensive, detailed guidance and support for all staff.

First and foremost, we will ensure that children are safe from harm after which we will follow the procedures outlined in this document. This process includes making appropriate reports, following up and ensuring that children and any others involved receive appropriate support. We record all allegations of abuse and safety concerns using the Child Safety Incident Report form. All information is considered confidential and written reports will be held securely.

Any inappropriate behaviour will be reported to DHHS Child Protection/Police/Child FIRST Report depending on the severity and urgency of the matter.

We each have a responsibility to report an allegation of abuse if we have a reasonable belief that an incident took place (see information about failure to disclose/protect). If an adult has a reasonable belief that an incident has occurred then they must report the incident. Factors contributing to reasonable belief may be:

- A child states they or someone they know has been abused (noting that sometimes the child may in fact be referring to themselves)
- Behaviour consistent with that of an abuse victim, is observed
- Someone else has raised a suspicion of abuse but is unwilling to report it
- Observing suspicious behaviour

We work to ensure all children, families, staff and volunteers know what to do and who to tell if they observe abuse or are a victim, and if they notice inappropriate behaviour.

Risk Management:

In Victoria, organisations are required to protect children when a risk is identified. In addition to general occupational health and safety risks, CPS proactively manages risks of abuse to children by removing and reducing these risks and follows the Child Safety Standards.

The school has risk management strategies to identify, assess and take steps to minimise child abuse risks, which include risks posed by physical environments and online environments.

The school's risk management includes:

- The Child Safety Code of Conduct – outlines acceptable and unacceptable behaviour with respect to child safety and child abuse. The Child Safety Code of Conduct is publically available.
- Screening as part of the staff recruitment process.
- Working with Children checks, Police Record checks, reference checks Sign in processes at the school office.

- On and off site supervision of children during recess and lunch breaks as well 15 minutes before and after school – staff carry mobile phones
- ICT Acceptable Use Agreement for students
- Teacher supervision of student internet usage
- Protocols to ensure children do not move around the school individually during class time
- Out of bounds areas in the school to ensure that children are not placed at risk.
- Staff and volunteer training.
- Child safe environments information and awareness for visitors, staff, volunteers and contractors.
- Adequate monitoring of visitors, staff, volunteers and contractors.
- Refresher training for staff – see eLearning mandatory reporting module

School staff may use their own personal devices to capture images of students for reasonable and legitimate educational purposes. If this occurs, staff are expected to upload the images to the school database and delete the images from their device within a week of the images being captured.
